

ChatHaven - Sprint 4 Meeting Minutes

Type of Meeting: Sprint Meeting

Date: Monday April 10, 2025

Time: 9:30 pm

Location: online

Attendees:

- **Scrum Master:** Ulysse
- **Secretary:** Yenita
- **Product Owner:** Zachary
- **Development Team:** Alex, Paria and Elliot

Absentees: none

Call to Order:

The meeting was called to order by Ulysse (Secretary) at 9 pm.

Agenda Items & Discussion Points:

1. New Feature Discussion

1. Feature Updates & Progress Reports

- **Elliot:** Elliot finished the implementation of the black jack game. He worked on displaying an elegant user interface and API back calls. The overall implementation is done but he decided to work on refactoring his work
- **Alex (Testing):** Alex found a software called SonarQube to analyze our code for critical bugs.
- **Ulysse (Frontend & backend):** Started working on the static code review and creation of coding standards on the wiki.
- **Yenita (Project Organization & Development):** Mostly finalized github organization and completed previous meeting minute. Reviewed buggy code.

- **Paria (Project Organization & Development):** Finished power point slides for presentation.
- **Zachary :** Finished the CI pipeline.

2. General Discussion:

- We talked about the Canadians play offs and our favorite sports before presentating.

Votes & Decisions:

- We decided to all work on at least 5 different critical bugs found by SonarQube.
 - Everyone will participate in Acceptance test
-
