ChatHaven - Sprint 4 Meeting Minutes

Type of Meeting: Sprint Meeting
Date: Monday April 7, 2025
Time: 8 pm
Location: online

Attendees:

- **Scrum Master:** Ulysse

- **Secretary:** Yenita

- **Product Owner:** Zachary

- **Development Team:** Alex, Paria and Elliot

Absentees: none

Call to Order:

The meeting was called to order by Ulysse (Scrum Master) at 4 pm.

Agenda Items & Discussion Points:

1. New Feature Discussion

1. **Feature Updates & Progress Reports**

   o **Elliot**: Elliot made a plan of action to complete the Black Jack game.

   o **Zack (Testing & Backend)**: Focusing on **acceptance testing** and making them more reliable and creating new tests.

   o **Alex (Frontend & backend)**: Developed the listing page and foundations of the market place.

   o **Ulysse (Frontend & backend)**: Added into Alex's work by implementing a more robust user interface and the additional feature such as messaging users through MP.

- o **Yenita (Project Organization & Development)**: Worked on **GitHub organization** and will contribute to the code review process.

- o **Paria (Project Organization & Development):** Worked on our oral presentation layout and UI.

2. **Oral Presentation Discussion:**

- o An oral presentation must be completed so the team discussed who would carry on the presentation. It was decided that Ulysse, Paria and Zachary will be presenting the project.

3. **Written Report Discussion**:

- o We discussed how we will organize ourselves to complete our written report for Sunday, it was decided that Zachary, Paria and Yenita will start to work on it and the rest of the team will review.

4. **Acceptance and Unit Testing Discussion**

- o Based on **TA feedback**, we noticed that our unit testing was faulty and decided that Zachary should work on it more we also decided that Elliot would record a demo of our messaging app to use as the acceptance testing.

5. **General Discussion:**

- o We briefly talked about how exams and assignments were making us all very tired and then got back to the project.

Votes & Decisions:

- **Unit testing**: We decided to help Zachary implement some solid testing.
